R.O.C.No.5719-25-A7. South Kanara Collector's Office

Mangalore, 23rd July 1925.

From

G. W. Wells, Esquire, M.A., I.C.S.,

Collector of South Kanara.

To

The Secretary to the Board,

Land Revenue & Settlement,

M a d r a s.

Sir,

Floods - 1925 - South Kanara - Loss - Movable and Immovable property - Report submitted.

******

In continuation of my telegrams dated 16th July 1925 and 17th July 1925, I submit this interim report on the floods in this District. Heavy rainfall commenced on the 11th and continued till the 19th. It began to abate on the 20th but to-day it has again commenced. The flood was at its height the 13th but the maximum reached till now this year was 4 ft in Buntwal and 3 ft in Panemangalore less than the maximum flood level reached last year. It began to subside on the 14th but very nearly reached the level of the 13th the very next day. There was a fall of about 3 ft on the 16th. Till the 19th night the water remained stationary. Since the 19th night there has been a gradual fall. It has now come down to the normal flood level. On the 13th and 14th there was no telegraphic communication between Buntwal and Mangalore owing to disorder in the telegraph line, but tappals were regularly despatched.

Reports show that at Uppinangadi and at Anagalli in ---- Coondapoor Taluk heavy floods also appeared. In no case however except in Coondapoor Taluk were the floods so heavy as ---- those of last year. The Tahsildar of Kasargod reports that on the 16th the rainfall was 7.83 inches, the highest record rainfall registered at Kasargod station. In spite of this, the flood

a. the flood level of

at Kasargod this year. As regards Coondapoor Taluk it is ported that the flood level of this year was much higher t that of last year.

2. Damage to roads.

At 8 - 3 mile on the Mangalore-Charmadi road, a cul has been washed away making a breach of 20 ft wide and ren even passenger traffic difficult. At 9 - 4 mile on the s road there is a breach similar to the one of last year thou is of smaller dimensions owing to the precaution taken by t Local Fund Engineering Department by laying sleepers there At the 16th mile of the Mudabidri-Buntwal road the road ha washed away as in last year. The approach road to the bri Baddakatte from Beltangadi side at about ½ a mile from Bunt has also been washed away. The approach road to Gurpur br at 8 - 7 mile on the Mangalore-Karkal road is slightly dam and there is a breach on the road at 7 - 1 mile from Mangal Bajape on the other side of the Malavur ferry.

3. Damage to House and property.

Actual damage caused is not known. Two mud houses Buntwal and two in Panemangalore are reported to have fall The number of houses fallen is reported to be very small. to movable property is reported to be almost nil. This is to the experience gained by the people living in the flood affected areas during the last 2 years. This year they le their houses with all their movables in time as soon as they signs of the river rising.

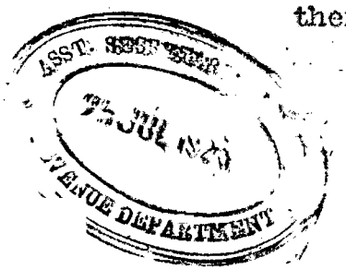
4. Damage to crops.

It is too early to estimate the damage done to crop is mostly along the Gurpur and Netravati rivers and will p be considerable, though perhaps not so much as last year. question of remissions and loans on favourable terms or ot cannot be discussed until after the heaviest rain is over August.

5. There has been no loss of life or of cattle.

6. I have issued orders to the Tahsildars and Deput Tahsildars to hold detailed inspection of wet lands damaged

the floods and called for reports from them as to the extent of damage caused to immovable and ~~immovable~~ movable properties by the ---- floods. I have also called for urgent reports from the ------ Tahsildars and Deputy Tahsildars regarding cases of distress calling for immediate relief. The latest reports received --- from Uppinangadi, Buntwal, Udipi and Coondapoor show that ----- there has been a general subsidence of the floods.



Your obedient servant,

23/7/25

Collector.

Same as page 8 ante

Sir,

Floods - 1925 - South Kanara - Loss - Movable and Immovable property - Report submitted.

In continuation of my telegrams dated 16th July 1925 and 17th July 1925, I submit this interim report on the floods in this District. Heavy rainfall commenced on the 11th and ------ continued till the 19th. It began to abate on the 20th but --- to-day it has again commenced. The flood was at its height on the 13th but the maximum reached till now this year was 4 ft in Buntwal and 3 ft in Mangalore less than the maximum flood level reached last year. It began to subside on the 14th but very nearly reached the level of the 13th the very next day. There was a fall of about 3 ft on the 16th. Till the 19th night the water remained stationary. Since the 19th night there has been a gradual fall. It has now come down to the normal flood level. On the 13th and 14th there was no telegraphic communication between Buntwal and Mangalore owing to disorder in the telegraph line but tapals were regularly despatched.

Reports show that at Uppinangadi and at Amgelli in ---- Coondapoor Taluk heavy floods also appeared. In no case however except in Coondapoor Taluk were the floods so heavy as ---- those of last year. The Tahsildar of Karkal reports that on the 16th the rainfall was 7.83 inches, the highest record ------ rainfall registered at Karkal station for many years past. In spite of this, the floods in the Shambavi River did not reach the flood level of 1924 owing to the widening of the bar

at Honavar this year. As regards Coondapoor Taluk it is reported that the flood level of this year was much higher than that of last year.

2. Damage to roads.

At 8 - 3 mile on the Mangalore-Charmadi road, a culvert has been washed away making a breach of 20 ft wide and rendering even passenger traffic difficult. At 9 - 4 mile on the same road there is a breach similar to the one of last year though it is of smaller dimensions owing to the precaution taken by the Local Fund Engineering Department by laying sleepers thereon. At the 16th mile of the Dudabidri-Buntwal road the road has been washed away as in last year. The approach road to the bridge at Boddamatte from Beltangadi side at about ½ a mile from Buntwal has also been washed away. The approach road to Gurpur bridge at 8 - 7 mile on the Mangalore-Karkal road is slightly damaged and there is a breach on the road at 7 - 1 mile from Mangalore to Bajpe on the other side of the Malavur ferry.

3. Damage to House and property.

Actual damage caused is not known. Two mud houses in Buntwal and two in Panemangalore are reported to have fallen. The number of houses fallen is reported to be very small. Damage to movable property is reported to be almost nil. This is due to the experience gained by the people living in the flood affected areas during the last 2 years. This year they left their house with all their movables in time as soon as they saw signs of the river rising.

4. Damage to crops.

It is too early to estimate the damage done to crops. It is mostly along the Gurpur and Netravati rivers and will probably be considerable though perhaps not so much as last year. The question of remissions and loans on favourable terms or otherwise cannot be discussed until after the heaviest rain is over in August.

5. There has been no loss of life or of cattle.

6. I have issued orders to the Tahsildars and Deputy Tahsildars to hold detailed inspection of wet lands damaged by -

the floods and called for reports from them as to the extent of damage caused to immovable and ~~immovable~~ moveable properties by the ---- floods. I have also called for urgent reports from the ------ Tahsildars and Deputy Tahsildars regarding cases of distress calling for immediate relief. The latest reports received --- from Uppinangadi, Buntwal, Udipi and Coondapoor show that ----- there has been a general subsidence of the floods.

Station Gurpur, *Dated the* 12th August 1925. 192

From (Name) G. W. Wells, Esquire, M.A., I.C.S.,

(Designation) Collector of South Kanara.

To The Secretary to the Government of Madras,

Revenue Department.

Sir,

Reports received so far show that cases of distress -- requiring immediate relief in other parts of the District -- except in the Buntwal Deputy Tahsildar's Division are nil. In the Buntwal Division, however, 25 houses belonging to the poor classes are reported to have been damaged causing a loss of about Rs.350/-. As the owners of the damaged houses are poor and unable to reconstruct their houses , the President of the Local Relief Committee has been addressed to grant pecuniary aid to them.

Your obedient servant,

For Collector.
